

Unique Actuarial Work Opportunities – General and Life Insurance

Wishing you could work for half a year, with freedom to pursue other interests in the other half?

Do you want more bulk time for personal travel, family, study, hobbies?

Do you have skills to offer, but not in the conventional full time way?

Experience the difference with KPMG, one of the world's most respected and trusted professional services firms. We offer rewarding careers for outstanding professionals in our open and friendly culture.

After a new challenge? KPMG Actuarial is looking for Actuaries who are available to work part or full time at each year end period (EOFY June, July and August and CYE December, January and February). We are looking to foster a WIN-WIN work arrangement where we can utilise your actuarial skills during our peak periods, and you can benefit by structuring your other commitments and interests in our off peak times.

Our clients include the leading insurers and financial services companies operating in Australia, New Zealand and the Asia Pacific region. Our wide range of projects includes traditional actuarial roles such as Appointed Actuary, as well as interesting commercial work such as product pricing and product design, capital management and risk modelling, strategy advice, mergers and acquisitions and litigation advice.

We are looking for Actuaries with General Insurance or Life Insurance experience open to setting up a casual working arrangement on an ongoing basis. You will need to be able to work independently and flexibly to meet tight deadlines during peak times.

If this type of work arrangement sounds like something that could meet your needs, please send us your resume and come in to talk to us.

We are committed to fostering a win-win situation with Actuaries who want to work in new ways "outside the box".

For more information contact Adam Searle on (02) 9335 8923 or email your CV & cover letter to asearle@kpmg.com.au
