# IFRS - Insurance Standard Developments

Presented by: International Accounting Standards Committee (IASC)

Tuesday 9 April 2013  
12.00pm – 2.00pm  
Actuaries Institute  
Level 7, 4 Martin Place, Sydney 2000

Sydney

Currently, accounting for insurance contracts is largely based on local standards, such as MoS for life insurance under AASB 1038. Since the 1990s, the International Accounting Standards Board (IASB) has been working on a single global accounting standard for Insurance Contracts. This is now drawing to a close with limited re-exposure of the revised draft standard due to be issued in the second quarter of 2013.

This interactive session, including Q&A, will cover:

- ▶ an overview of what will be in the revised draft;
- ▶ the key changes and issues from an Australian perspective; and
- ▶ IASB submission process and the challenges in influencing outcomes.

### International Accounting Standards Committee (IASC)

For over a decade, the IASC has been involved (on behalf of the Actuaries Institute) in influencing the development of international accounting standards and drafting submissions.

Places are limited so registration is essential. • A light lunch will be provided.  
The presentation will begin at 12.30pm.

If you wish to join this session via dial-in please contact [events@actuaries.asn.au](mailto:events@actuaries.asn.au) for further details.

[Register online](#) or via email [events@actuaries.asn.au](mailto:events@actuaries.asn.au) by 2 April 2013.
